

Amit Kansal

President

Continuum Green Energy Limited

Amit Kansal is President at Continuum Green Energy Limited. Continuum is a leading Indian renewable energy company specializing in wind and wind-solar hybrid projects, with a portfolio of approximately 4.7 GWp and a strong focus on supplying green power to commercial, industrial, and utility customers.

Amit has over 30 years of extensive experience, including 15 years in the power and renewable sectors. He has a proven track record of successfully leading start-ups, raising capital for sustainable businesses, developing and executing strategic business plans, and driving M&A and integration efforts. His career includes significant leadership roles across the Asia-Pacific region and on a global scale with renowned companies such as Senvion, Vestas and Honeywell Inc. Amit's international experience, gained through significant stints in Singapore, India, and China, has provided him with a nuanced understanding of different cultural and business environments.

He holds a postgraduate degree in management from the University of Southern Queensland, Australia, and an engineering degree from Mangalore University.
